🏠 Malang, Indonesia

Professional Summary

Graduate student in Computer Science with a Bachelor's degree in Development Economics. Experienced in Digital Marketing and currently expanding into Data Science through practical training at TripleTen Indonesia. While I am still at the junior level in data science, I am highly motivated to learn and grow. I see my current limitations not as obstacles but as opportunities to improve quickly through real-world challenges and collaboration with professionals.

Education

Universitas Brawijaya
Master of Computer Science, GPA 3.74   *2022 - 2025*

Universitas Gajayana
Bachelor of Economics, GPA 3.46   *2016 - 2022*

Training & Project Experience

Data Science Bootcamp (Online) – TripleTen Indonesia
- Learning end-to-end data science workflows: data wrangling, EDA, machine learning, and deployment.
- Completed real-world projects including customer churn prediction and audience segmentation.
- Working with Python (Pandas, Matplotlib, Scikit-Learn), SQL, and Git.
- Strengthening problem-solving and data storytelling skills.

Work Experience

Hasta Creative Space
Digital Marketing & Business Analysis (contract)   *May 2022 - August 2022*
- Monitored and analyzed operational performance to support decision-making.
- Contributed to monthly financial summaries and client billing.

- Developed internal campus communication strategies.
- Built external organizational communication between campuses.

- Managed the organization's social media.

Certification & Trainings

Data Scientist
- TripleTen Indonesia   2022 – 2024
- Dicoding   2025

Skill & Tools

Data & Tech:
- Python (Pandas, NumPy, Matplotlib, Scikit-Learn)
- SQL (basic to intermediate)
- Power BI (basic), Excel
- Git & GitHub (basic)

Soft Skills:
- Communication & Collaboration
- Analytical Thinking
- Continuous Learning & Adaptability
- Content Research & Creative Strategy

Motivation & Values

I fully acknowledge that I am still at the beginning of my journey as a data scientist. However, I am eager to learn, open to feedback, and committed to growth. I believe that what I may currently lack in experience, I can make up for with determination, adaptability, and a willingness to face real-world challenges. I am excited to contribute to and learn from an established team like Telkomsigma, where I can sharpen my skills and build meaningful solutions through data.
